Introduction

The Trauma Nursing Core Course (TNCC) is a 16 hour course developed by the Emergency Nurses Association to present a firm foundation in trauma nursing and to provide nurses with core or basic trauma cognitive knowledge and psychomotor skills that are associated with the delivery of professional nursing care to the trauma patient.

The ultimate goal of TNCC is to decrease the morbidity and mortality of the trauma patient by increasing the knowledge, skill, and level of nursing care provided in the Emergency Department.

Verification of successful course completion is based on passing the written exam and the Trauma Nursing Process (TNP) psychomotor skills station. Verification is valid for four years.

Pre-Requisites

Participants must be an RN and possess a current unrestricted nursing license to receive verification.

It is preferred that participants have at least 6 months of clinical nursing experience in an emergency care setting before attending the course. It is assumed that the course participant possesses generic nursing knowledge, has an understanding of emergency care terminology, and has familiarity with standard emergency equipment.

Accreditation

The Emergency Nurses Association is accredited as a provider of continuing education by the American Nurses Credentialing Center's Commission on Accreditation. This 6th edition TNCC provider course has been approved for 14.42 contact hours for RN's.

In accordance with the Americans with Disabilities Act, please advise the course director if you have any disability that requires special materials and/or services so that reasonable accommodations can be made and appropriate personnel can be advised.

Thank You

Maryland ENA wishes to extend our thanks to St. Agnes Hospital, and all participating facilities and staff

Registration

Pre-registration is required.

Participant seats are limited based on instructor to student ratios. Seats will be assigned to paid registrants in the order registration fees and materials are received. **Cancellations must be received in writing 15 working days prior to course date or registration fees will not be refunded.**

Tuition

\$195 ENA Member (Include copy of current card)

\$230 non-ENA Member

Fee includes all course materials and continental breakfast. **Course materials will be mailed to the participant approximately 3 weeks prior to the course.** Payment may be made by check or money order and must accompany the registration form. Checks should be **made payable to:**

“MARYLAND ENA”

Please mail registrations directly to the course administrator listed on the back of the flyer at least thirty days prior to the course.

We reserve the right to cancel the course due to low registration and/or circumstances beyond our control. Course materials/directions will be mailed by the course director once payment is received. A \$25 fee will be assessed for any checks that are returned by the bank, then payment by money order will be required. Directions for travel, parking, and class location will be sent along with your registration confirmation along with the provider manual.
