MARYLAND EMERGENCY NURSES ASSOCIATION

2015-ENA by THE BAY

May 13-14, 2015

The Conference Center at the Maritime Institute
692 Maritime Boulevard
Linthicum Heights, MD 21090

This activity has been submitted to the Emergency Nurses Association for approval to award contact hours. The Emergency Nurses Association is accredited as an approver of continuing nursing education by the American Nurses Credentialing Center’s Commission on Accreditation
COURSE DESCRIPTION:

TARGET AUDIENCE: Emergency nurses who provide urgent and emergent nursing care to pediatric patients and their families will want to validate their skills and expertise by sitting for this examination. Earning the CPEN credential demonstrates extensive knowledge and experience related to pediatric emergency nursing care. Since 2009, qualified nurses are now able to take the examination for this esteemed certification.

This would also be an excellent review for any nurse interested in increasing his/her knowledge/comfort level in managing pediatric emergencies.

FEE: Registrations at the door will be accepted at the late registration rate.

Please see registration form for rates

Course fee includes contact hours certificate, lunch and refreshments

Faculty Scott DeBoer, RN, MSN, CEN, CPEN, CCRN, CFRN,

Internationally recognized pediatric nurse expert, has developed a 1-day Crash CPEN Review Program to help prepare nurses for this new certification. Scott has been presenting to thousands of nurses around the world for over 15 years. In addition to his extensive training in emergency, critical care, and flight nursing, Scott was one of the original beta testers for the new CPEN exam. Having co-authored over 100 medical articles and 6 books for nurses, paramedics, and respiratory therapists, Scott has now created a 1-day crash course that is highly interactive and will review key content areas found on the CPEN examination. Scott has been called the “Jim Carrey” of the nursing world and will use his humor and experiences to present a dynamic review program for nurses that want to be completely prepared for this new credentialing examination. Through the use of real-life case studies, videos, and game show style test review sessions, emergency nurses will come away better prepared to challenge and pass the CPEN exam.

Contact Hours

This continuing education activity is approved for 8.0 hours for nurses by the State of California Board of Nursing. Most states accept CE that has been approved by the California Board of Nursing. The activity is also approved for 8.0 hours for paramedics by the State of Illinois Department of EMS.

Note: We reserve the right to cancel the review and refund all fees if the minimum number of registrations are not received.
